KuCoin sub-account

Updated 1 year ago

Overview

Fireblocks supports KuCoin sub-accounts via exchange connectivity. Connect the exchange, and rebalance securely between your exchange's main account and sub-accounts on Fireblocks.

Important

- If you already have a KuCoin sub-account connected to this workspace, you must remove it and then reconnect it .
- If you have a KuCoin main account connected, you may need to remove it if the email field was left blank.

Configuring your KuCoin sub-accounts

To configure your KuCoin sub-account to connect to Fireblocks:

1. Refer to [KuCoin.com API Documentation](#) for instructions on how to create a sub-account.
2. Copy and keep a record of both the API Key and API Secret. You will need them when adding this exchange to your workspace.
3. On KuCoin, make sure you enable the following API Restrictions:
 - a. **General**
 - b. **Trade**
4. Under IP restrictions:
 - a. Enable **Yes**.
 - b. Add 52.76.208.129.

/

2. Select **+ Connect Account**.

3. Select KuCoin, select the **Sub account** tab and then follow these steps:

- a. **Name on Fireblocks:** Enter the name you want to give this exchange sub-account in your workspace.
- b. Select the main account you want to connect to this sub-account.
Remember, your main account must be connected to Fireblocks *before* you can connect a sub-account.
- c. **Link to main account:** Select its associated main account from the drop-down menu.
- d. **API Key:** Enter the API key that you saved from KuCoin.
- e. **API Secret:** Enter the API Secret that you saved from KuCoin.
- f. **API Passphrase:** Enter the API Passphrase that you created in KuCoin.
- g. **Sub-account name:** Enter the sub-account name you obtained from KuCoin.
- h. Select **Connect Account**.

The [Admin Quorum](#) must approve the new account to make it available for new transfers from your workspace.

Your KuCoin sub-account will be displayed on the Exchanges page along with all managed assets and their balances. Following Admin Quorum approval, transfers will be available between this sub-account and its KuCoin main account.
