Disconnecting your AML provider

Note

The AML integration is a premium feature that requires an additional purchase. Reach out to [your Customer Success Manager](#) if you do not have an agreement with an AML provider or you need help enabling the feature.

You can disconnect your Anti-Money Laundering (AML) provider from your workspace. Transactions initiated in your workspace will no longer be sent to your AML provider for transaction screening. You can reconnect your AML Provider account at any time.

To disconnect your AML provider, contact [Fireblocks Support](#).
