Gemini V2 Account

Updated 8 months ago

Note

Gemini V2 accounts are currently in early access and aren't available in all workspaces. Contact your Customer Success Manager to discuss having it enabled in your Fireblocks workspace.

Configuring your Gemini V2 account

[Learn more about creating a Gemini API key in their official documentation](#)

To configure your Gemini V2 account and connect it to Fireblocks, follow these steps:

1. Navigate to your Gemini API settings page and select **Create a new API Key**.
2. Under Scope, select **Master**.
3. Name your API Key "Fireblocks" when prompted
4. Assign this API key a **Fund Manager** role to allow Fireblocks to withdraw, deposit, create deposit addresses, and transfer to and from sub-accounts.
5. Copy and save a record of both the API key and API secret. You will need them when adding this exchange to your workspace.
6. Add Fireblocks IP addresses to your Gemini API account IP Whitelist: 52.76.208.129, 40.117.39.160

Configuring Fireblocks

1. In the Fireblocks Console, go to **Accounts > Connected accounts**.
2. Select **+ Connect Account**.
3. Select **Gemini** and complete the following fields:
4. **Name on Fireblocks**: Enter the name you want to give this exchange account on Fireblocks.
5. **API Key**: Enter the API key that you received from Gemini.
6. **API Secret**: Enter the API Secret that you received from Gemini.

 Fireblocks Help Center

/

Your Gemini account is displayed on the Exchanges page, with all managed assets and their balances. Following Admin Quorum approval, transfers are available between your Gemini account and your vault accounts, exchange accounts, whitelisted addresses, and Fireblocks P2P Network connections.

Enabling withdrawals

To enable withdrawals from your Gemini V2 account, add an address to your [Gemini address book](#). [Learn more about enabling exchange account withdrawals in Fireblocks.](#)

Enabling deposits

You can begin depositing any supported asset to your Gemini V2 account as soon as the account is approved by your workspace Admin Quorum. No action is required to create deposit addresses.
