N3XT Account

Updated 3 months ago

You can connect your N3XT account to Fireblocks to view balances, initiate internal transfers, and send peer transfers to other N3XT users on the Fireblocks Network.

Before you begin

Make sure that before onboarding, your N3XT account is in *active* status. To begin or continue your N3XT application please visit the N3XT [Getting Started](#) page.

Connect your N3XT account

1. In the Fireblocks Console, select **Connect Account**.
2. Choose **N3XT** from the list of available providers.
3. In your N3XT portal, locate the area where API credentials are managed and retrieve your Access Key and Secret.
4. Enter the Access Key and Secret into the corresponding fields in the Fireblocks platform.
5. Select **Connect Account** to complete the setup.

If the menu names or steps differ in your N3XT portal, follow N3XT's documentation or contact their support for the equivalent flow.

After the connection is complete, your N3XT accounts and balances will appear in the **Fiat** tab.

Connecting to N3XT's testnet?

To connect to the N3XT testnet, select **N3XT - Beta** from the provider selection modal.

For access to the N3XT Beta and Test environments please visit the N3XT [Help Center](#) to chat and request access.

Fireblocks wallets. Internal transfer must be between N3XT accounts residing under the same API key. For more information on internal transfers, see [here](#).

Make an external transfer (peer transfer)

To send funds to another N3XT user on Fireblocks, first connect with them on the [Fireblocks Peer-to-Peer \(P2P\) Network](#).

Step 1: Add the peer connection

1. Add the destination user via **P2P Network**.
2. Turn **Profile routing off** to allow routing to external addresses (labeled **Peer Transfer**).

Step 2: Create the transfer

1. Select **+** on the top-left menu, or use the up/down arrows from the account page.
2. Select the account to use.
3. Set **Asset** to **USD (Fiat)**.
4. Confirm the **From account** (defaults to N3XT).
5. In **To**, select the peer connection you added (shown under the **Network** tab).
6. Enter the amount.
7. Review and confirm the transfer.
