Receiving funds into your Fireblocks accounts

Updated 1 year ago

To receive funds from your counterparties and your non-Fireblocks wallets:

1. Go to **Accounts > Vaults**.
2. Access the vault account you want to deposit to, and then find the appropriate asset wallet.
3. Select **Show Deposit Addresses** .
4. Hover your pointer over the address you want to deposit to and select **Copy address** .
5. Alternatively, select **Show QR**  and scan the wallet's QR code with your external device.
6. Paste the address you copied into your external source in order to deposit funds to the selected deposit address.
