Settlements Dashboard overview

Updated 2 months ago

Overview

The Settlements Dashboard gives you a centralized place in the Fireblocks console to monitor and manage your settlements and their underlying transfers. Instead of tracking settlement activity across multiple screens or relying on transaction history alone, you can now view the full picture of each settlement in one place.

Note:

The Settlements Dashboard is currently available to customers with Off-Exchange (OE) enabled.

How to access the Settlements Dashboard

You can navigate to the Settlements Dashboard from several places in the console:

From the Transaction History page: [🔗](#)

1. In the left navigation, go to **Transaction History**.
2. Select the **Settlement** tab.

From the Exchange Account page

1. Navigate to the relevant **Exchange Account**.
2. If there is an active settlement on that account, you will see a **Settling** status indicator.
3. Select the **History** button to go directly to the **Settlements** tab, pre-filtered for that exchange account.

Accounts \$3,683,176.04			
Vault \$1,487.63	Connected accounts \$2,958,743.11	Fiat --	
Main Treasury Europe \$314k available (out of \$314k) Deribit • Main account • Off exchange
